Understanding Your Options

Plans 1148, 1019, and 2809 are No Interest if Paid in Full promotions. Interest is deferred - meaning it accrues from the purchase date but is completely waived if your balance is paid in full before the promotional period ends. Minimum monthly payments are required during the promotional period.

Plans 4079, 4360, and 2455 are Equal Monthly Payment plans with a fixed rate and fixed payments for the full term. No deferred interest - your APR and monthly payment are set from day one.

Important to Know

- Standard Purchase APR for new accounts: 28.99% - applies if a deferred interest balance is not paid in full by the end of the promotional period, or for non-promotional purchases
- All financing is subject to credit approval by Wells Fargo Bank, N.A.
- Minimum monthly payment is required on all plans - paying only the minimum on deferred interest plans may not clear the balance before the promotional period ends
- This financing is available through authorized dealers only
